## DRIVEWAY APRON REPAIR

Dear Waltham Street Resident:

Weather permitting, the Public Works Department, through its road contractor, Newport Construction, have scheduled driveway repair work to commence in front of your property beginning on Tuesday, October 10, 2017.

The work involves removing the existing driveway apron, installing wooden sidewalk forms, and pouring the new concrete driveway apron. Concrete pouring is scheduled for Wednesday, October 11, 2017.

While work is ongoing, you will not have access to your driveway. We ask that you kindly move your car by 7:00 AM and park it out of the work area. Please note that driveways may remain closed up to three days to allow the concrete to cure.

Adjustments necessary to make driveways ADA compliant may require minor regrading of areas beyond that back of the driveway.

The Watertown Police has been informed of the work, including the need for extended on-street parking due to the driveway repairs.

Should you have any questions, please e-mail [dpwdept@watertown-ma.gov](mailto:dpwdept@watertown-ma.gov) or you may call Ed Baptista, Highway Supervisor, at 617-972.6420.

Sincerely,

Gerald S. Mee, Jr.  
Superintendent of Public Works
