Superintendent

2021 Road Moratorium Streets

Roads paved within the past five years shall be subject to a street opening moratorium, except in emergency conditions as determined by the Superintendent of Public Works. In such circumstances, the DPW may require that the permanent patch be treated by a process (i.e. infra-red, microwave, or curb-to-curb or other extensive restoration) that will ensure that the patch is integrated into the existing bituminous surface in a seamless manner. The DPW will consider petitions to waive the five-year moratorium on a case-by-case basis.
