IMPORTANT NOTICE

NIGHT WORK

June 4, 2021

National Water Main Cleaning Company and Weston & Sampson will be performing sewer inspections overnight (12:00 AM-6:00 AM) beginning the week of June 7, 2021 in areas shown on the [Project 3 and 4 map](#). This is part of the town's ongoing efforts to reduce non-sanitary sewer flows in the sewer system. By performing the inspections during late night hours, inspectors can easily quantify non-sanitary flows since sanitary flows will be at a minimum.

Any inconveniences are expected to be minimal to none. There should not be any loud noises; and lighting will be kept to a minimum. The work consists of opening and entering sewer manhole covers with shovels, tripods and harnesses. The inspection crew will have a police detail officer present to ensure public safety.

Some of the inspections will be conducted in town sewer easements; you may see people walking around your yard or neighboring yards if your property has a town sewer easement on it. If you suspect there are people on your property that are not part of this project, do not hesitate to call 911.

Thank you for your cooperation. If you have any questions, please contact Weston & Sampson at (978) 854-2339.

Sincerely,

Gregory St. Louis, P.E.
