SIDEWALK, DRIVEWAY AND ACCESS RAMP REPAIRS

Chapman Street, King Street and Warren Street (Various locations)

The Watertown Department of Public Works and our contractor, Century Paving Inc, will begin the repair of concrete sidewalks, access ramps and driveway aprons. This work is part of our annual sidewalk maintenance and repair program, where selected sidewalk panels and driveway aprons that are heavily damaged and/or trip hazards will be repaired or replaced.

The work is scheduled to start, **WEATHER PERMITTING, approximately on Wednesday, May 4, 2022**, and will run for several days thereafter. Typical work hours will be 7 AM to 4 PM.

- During the concrete installation process wooden planks will be placed across walkways to access your residence.
- Please do not park your car next to any areas marked in front of your residence during construction.
- You will be notified by the Contractor prior to any work that affects access to your driveway. Driveways may remain closed up to three days to permit the concrete to cure.
- Please note that there may be lapses in time between sidewalk excavation, installing wood sidewalk forms, and final concrete work.
- Adjustments necessary to make sidewalks and driveways ADA compliant may require minor regrading of areas beyond the back of sidewalk, such as landscaping, driveways, or walkways. The Department will match existing materials and finishes to the maximum extent possible.
- The Watertown Police will be informed of the construction and its effects, including the need for extended on-street parking due to driveway repairs.

We apologize for the short notice and understand that the process is noisy, messy and disruptive and apologize in advance for any inconvenience you may experience. We know you will enjoy the improved appearance and condition of your sidewalks for many years in the future.

Should you have any questions, please e-mail dpwdept@watertown-ma.gov or you may call Ed Baptista, Highway Supervisor, at 617-972.6420.

Sincerely,

Gregory St Louis, PE
Superintendent of Public Works
