IMPORTANT NOTICE

Dear Residents and Abutters of 5 Main Street:

The Department of Public Works would like to inform you that we will be working, **WEATHER PERMITTING** Wednesday June 22, 2022, with our contractor Commonwealth Construction & Utilities to install a sewer manhole on your street. Due to the location of the proposed structure in proximity to the existing water service, there will be an interruption of your water to perform the work needed. While there, the city will be replacing the existing Water line while the work is being done.

Water will be shut down on Wednesday from 8:00 AM to 3:00 PM. This work may cause discoloration of your water when reinstated, if so, run your cold water only in the lowest faucet in your home and it will clear itself within five minutes typically. Please make arrangements to store water for drinking, cooking, and cleaning during these hours. The department will try to minimize the amount of time that service will be discontinued to perform this work.

All work will follow the Commonwealth of Massachusetts
