NOTICE

Porter Street / School Street / Boylston Street

Dear Residents and Abutters:

The City of Watertown has contracted the services of Weston & Sampson Engineers to perform ground survey of the sewer and drain easement connecting School Street and Porter Street to Boylston Street. The survey will take place both in city roadways and on private properties where the city has sewer and drain easements. The work is not expected to cause property disturbance. This work is part of ongoing efforts by the city to improve asset management and mapping of our sewer and drainage system infrastructure and is scheduled to take place on August 8-9.

If you have any questions or concerns regarding this project, contact Weston & Sampson at 978-573-4059. A map of the project area is shown on the back of this notice.

The City of Watertown thanks you for your cooperation.

Sincerely,

Gregory St. Louis, P.E.
Superintendent
