November 8, 2019

## IMPORTANT NOTICE FROM THE DEPARTMENT OF PUBLIC WORKS

Dear Residents and abutters of Avon Road:

The Town of Watertown and our contractor Commonwealth Construction and Utilities, Inc. are putting out this notice to inform you of upcoming cold weather and how to maintain your temporary bypass hose and connection to keep it from freezing.

If your home is still being supplied by a temporary bypass connection you should leave your cold water faucet in either the bathtub or kitchen sink continually running, this will keep your bypass hose from freezing.

Make sure the water is running at a steady stream and not just trickling as moving water will not freeze.

If you do experience any problems contact Chris DiStefano of Commonwealth Construction at (978)-760-1230.

If you have any questions regarding the project you can contact the Public Works Department at (617) 972-6420.

Gerald S. Mee, Jr.  
Superintendent
